Mission Statement

The Cuyahoga County Medical Examiner’s Office is a public service agency responsible for the investigation of violent, suspicious and sudden and unexpected deaths and the provision of laboratory services. The agency is committed to the dignified and compassionate performance of these duties with impartiality and the highest professional levels of quality and timeliness in the service of the general public, medical and legal communities and the overall public health of the citizens of Cuyahoga County.

The Medical Examiner’s Laboratory supports the investigative functions of the Medical Examiner and staff. The Laboratory performs scientific examinations in the areas of Forensic Pathology, Trace Evidence, Serology, DNA, Parentage and identification, Toxicology, Controlled Substance Analysis, and Forensic Chemistry.

Accreditations

The Cuyahoga County Medical Examiner's Office and the Regional Forensic Science Laboratory aspire to the highest standards of our profession. The office and labs have received the following accreditations to date:

- American Association of Blood Banks (AABB)
- Accreditation Council of Graduate Medical Education (ACGME)
- American Board of Forensic Toxicology
- American Society of Crime Lab Directors - Laboratory Accreditation Board (ASCLD-LAB)
- FBI Quality Assurance Standards for inclusion in the Combined DNA Index System/National DNA Index System (CODIS/NDIS)
- National Association of Medical Examiner's (NAME)

Fellowship Opportunities

The Cuyahoga County Medical Examiner’s Office provides fellowship programs for both Forensic Pathology and Forensic Toxicology.

Cuyahoga County Medical Examiner, 11001 Cedar Avenue, Cleveland, OH 44106
